

# Customer Awareness Agreement

Dear Consumer,

To ensure that our customers receive equipment and training based on their individual driving needs, we are asking that you provide your dealer with a copy of your *Driver Equipment Evaluation*. This report should be obtained from a professional entity that qualifies as a Driver Educator **experienced with EMC driving controls**. If you have difficulty locating a qualified person, please contact your *EMC* dealer for assistance.

By requesting this of you, we are prompting awareness of your responsibility to obtain proper evaluation, training and education in regards to your vehicle and the *EMC* equipment that you will be operating. **The following information is extremely important and failure to adhere to these instructions could result in severe injuries and possibly death:**

1. In order to ensure your safety and the safety of others, you must be fully trained and licensed in the safe operation of your vehicle with EMC driving controls as verified by a professional Driver Educator trained in the use of EMC equipment prior to operating your vehicle independently on public roadways.

2. EMC is a manufacturer and as such, makes no determination as to whether or not the EMC driving controls are suitable for you, or to whether or not you are capable of operating them safely and correctly in a vehicle.

3. EMC equipment can only be installed, repaired and/or serviced by an EMC Dealer trained in the installation of EMC equipment.

Please sign this form, as proof that you understand the significance of receiving proper driver evaluation and training. ***Your dealer must return this form to our company, with your evaluation report, to be kept on file with the purchase order of your equipment.***

Thank you in advance for your cooperation in this matter. We appreciate the opportunity to serve you.
